

PRODUCT

10Y29

10-year Optical Smoke Alarm

DESCRIPTION

Compact and simple smoke alarm with a non-replaceable, sealed-in Lithium battery for 10 years of continuous protection – meaning the user never needs to change the battery for the full duration of the alarm’s life.

KEY FEATURES

- **10-year long life operation** – never need to change the battery
- **Sealed-in battery** never needs to be replaced
- **End of life notification** alerts you after 10 years when it’s time to replace the alarm
- **Ramp-up Horn** allows sound emitted during test sequence to be reduced to a more acceptable volume for the user
- **Combined Test/Hush™ button** allows regular testing of alarm function and can be used to temporarily silence nuisance alarms
- **Battery operation** – Sealed-in Lithium battery

WHERE TO USE

This compact and versatile unit is easy to install and can be used anywhere in the home, particularly bedrooms, living rooms and hallways, with the added convenience of never having to change the battery.
