

AS526

Self-activating outdoor siren with dual red beacon

The AS520 Series comprises a range of quality designed sirens that meet today's security and environmental residential requirements. With its attractive housing, the choice of lens colours and the possibility to mount horizontally or vertically the siren can easily fit any place. The housing in UV-proof and high impact resistant, 3-mm polycarbonate and an optional inner cover provide the ultimate protection.

Details

- Attractive high quality shaped housing
- Double piezo sounder with 114 dB @ 1m sound output
- Vertical or horizontal mounting
- Fully potted electronics
- Double strobe flash light
- Selectable comfort LED indication
- Pry-off and opening tamper detection
- Self detection of cable cutting or tampering
- Hold-off polarity selection
- Independent hold-off for both beacon and siren
- A choice of cut off time

AS526

Self-activating outdoor siren with dual red beacon

Technical specifications

General

Accessory group	Siren
Type	Outdoor siren
Sounder output (dB @ distance)	114 dB at 1 m (typical)

Flash specifications

Flash frequency	50 to 60 flashes/min
-----------------	----------------------

Electrical

Operating voltage	10 to 14.5 VDC
Current consumption	350 mA 40 mA (standby, with NiCd battery) 20 mA (stanby, without battery)

Physical

Physical dimensions	210 x 300 x 55 mm (W x H x D)
Material	Polycarbonate

Environmental

Operating temperature	-25 to +55°C
IP rating	IP54

Material

	Polycarbonate (3 mm)
--	----------------------

Sounder

	Double piezo
--	--------------

PCB protection

	Fully potted
--	--------------

Tamper & pry-off

	Yes
--	-----

Frequency

	0.5 to 3 kHz
--	--------------

Cut-off timer

	3, 5, 10, 20 min
--	------------------

Self-activating battery

	10.8 V / 280 mAh
--	------------------

Comfort LED

	Yes
--	-----

Low voltage detection

	Yes
--	-----

Metal inner cover

	Optional
--	----------

Lead acid battery

	Optional
--	----------
